## Shipping Notes.

Painting on the steamer W. G. Hall, lying near the Fishmarket, was begun this morning.

the Marine Railway yesterday. She will be subjected to a thorough cleaning and repainting.

The barkentine Irmgard is moored at the P. M. S. S. Co.'s wharf, loading sugar for San Francisco. About 6200 bags will be taken in, and some more is expected by the Mikabala. She will leave for the Coast some time next week.

Captain Schmidt of the barkentine Irm-gard has now a full crew. He enlisted this morning three men from the discharged crew of the Detroit, and three more from the S. S. Mariposa who had worked their passage from the Colonies on that vessel.

passage from the Colonies on that vessel.

The steamer Hawaii, from Huelo, arrived this morning, bringing as cargo the old machinery of the abandoned Huelo mile. Capiain Cameron reports that the first northerly swell of the season set in at 12 o'clock on Tuesday last white his vessel was lying at Huelo.

The R. M. S. S. Mariposa, Hayward, commander, sailed for Sin Francisco at 10 o'clock this morning. The following is a list of the cargo she took away from this port: 4 p. 4 books and curios, J. L. Montgomery; 52 bnchs bananas, W. Costa; 292 bdis nides, G. J. Waller; 500 bags rice, is yman Bros.; 92 bnchs bananas, G. 19 curgus; 12 bxs fruit, P. G. Camarinos; 2 pkgs sp. Hawn. 1 Natt. History, Fred. Whitney; 2 bags coffee, W. G. Irwin & Co.; 515 bnchs bananas (193 bxs), Campbell, Marshal & Co. Demestic value, \$4626.50.

## COURT CHRONICLE.

## WATER IN WAIANAE.

## A Profuse Flow Got at Ninety Feet

digging at Kamaile, Makaha, on this island, for the Waianae Company, atruck water last night at a depth of taken on Mani, previously reported 90 feet, after having previously struck rock when at a depth of 88 feet. This is the first flowing well obtained in that part of the island. Work is still proceeding to increase the flow. The well is about 20 feet above the level of the sea. The Waiauae Company has up to this time spent about \$40,000 for water for its augar plantation, out atism. hitherto has realized nothing but

### LOCAL AND GENERAL NEWS.

The Makaweli plantation will recommence grinding in December. The P. G. band will give a moon-

light concert at Makee Island this

The Post Office despatched 4342 letters and 915 papers by the S. S. Mariposa to-day for the Coast.

Miss Louis F. Dale, the late tal-ented teacher of music at Oahu College, is in Franklin, Pa., U.S. A. The attention of the police is called to the fact that wheelmen still persist in riding their wheels on

the sidewalk. The only arrest made by the po-Richardson for assault and battery on a Chinaman.

The Fire Police will meet in the Annexation Club hall this evening for the purpose of winding up the company's affairs.

Mr. Jas. F. Morgan will sell at public auction on Saturday, Sept. 23d, ten shares People's Ice & Refrigerating Co.'s stock.

Chas. Clarke, a half-caste Chinaman, was sentenced to pay a fine of \$100 for indulging in the pastime known as "Russian War."

Mr. J. B. Atherton, wife and famly left on the S. S. Mariposa to-day. Mr. Atherton does not intend going further than San Francisco.

An excellent oil painting of the falls in Iao valley, from the brush of Mrs. Gillen, is on exhibition in the Pacific Hardware Co.'s window.

Next Friday evening, Geo. W. De Long Post, G. A. R., will hold its annual camp fire on the premises of Mr. J. N. Wright, Little Britain.

Should there be no arrivals of sailing vessels from the Coast in a few days, there will be another dearth of lime in the local market. A little over 520 tons of coal will

be taken aboard the U.S. S. Boston by this evening. It is expected that she will finish coaling by to-morrow

New staple goods will be sold by Jas. F. Morgan at the Arlington rooms, Hotel street, Saturday evening. This will be a fine chance for

Pieces of machinery formerly be-longing to the Huelo mill, which was abandoned sometime ago, were brought down by the steamer Hawaii this morning.

Mr. D. Porter has resigned the office of Chief Engineer of the Hilo Fire Department, and is succeeded by Mr. Wm. Vanatta, Superintendent of Water Works.

Mr. Robert Louis Stevenson does not wear the ample locks of hair that made him personally conspicuous on the streets when he was here before. A more agreeable change in his appearance is that he looks more robust than formerly.

Elsewhere appears the program of the grand concert at Y. M. C. A. hall Saturday evening, for the benefit of the Association library. An evening of high-class music is promised which should draw a full house apart from the claims of the

Club last night, arrangements were made for a farewell reception and ball in honor of the U.S. S. Boston. to be held at the Executive building next Monday evening, the eve of the ship's departure for San Fran-

About 25 or 35 of those piles which were placed on the mauka side of the entrance to the harbor, near the Kakaako seawall, are to be taken out from that place and sent to Kauai, presumably for the purpose of sup-plying material in building bridges on that island.

Yoshimura, the Japanese who was arrested yesterday for assault and battery on Mrs. Thos. R. Lucas, was sentenced to pay a fine of \$20 in the District Court to day. Counsel Ka-ulukou noted an appeal for the defonse, but later withdrew, and the Jap paid the fine.

The steamer James Makee, which left for Kauai on Monday afternoon to transport the fourteen lepers who were caught by Officer J. Kakina, in Wainiha valley, returned to town this morning. She brought eleven lepers, the other three being such bad cases that they could not be removed.

The eight sailors of the bark Detroit who were on strike yesterday were all discharged from that vessel this morning, and their places will probably be filled by Japanese sailors. The work of unloading coal from that vessel has been steadily lart Song-"Maiden of the Fleur de Lys" Glee Club, going on, nothwithstanding the

For a lame back or for a pain in the side or chest, try saturating a piece of flannel with Chamberlain's Pain Balm and binding it onto the affected parts. This treatment will cure any ordinary case in one or two days. Pain Balm also cures rheumatism. 50 cent bottles for sale by all dealers. Benson, Smith & Co., For a lame back or for a pain in all dealers. Benson, Smith & Co., agents for the Hawaiian Islands.

### THE MERRY-GO-ROUND.

It Is Now the Property of a Young Hawaiian.

Three enterprising young men arrived on the S. S. Monowai a few weeks ago with a merry-go-round run by a steam engine. They were on their way to the Colonies, but on hearing that they might do well here, the natives having a sort of fascination for such amusement, they decided to stay over until the next boat. The merry-go-round or whirligig was erected on the vacant lot on Bethel and Hotel streets. Crowds were attracted, a merry-go-round propelled by steam being a novelty in Honolulu. Five cents was charged for a ride in the cars and ten cents lice to day was a native named Louis to stride the wooden horses. The men simply coined money, on Saturday evenings nickels and dimes pouring into their pockets. They finally decided to give up their anticipated trip to the Colonies.

Lately several local gentlemen made overtures to the San Franciscans looking to the purchase of the merry-go-round, but the men did not agree on the price. Yesterday Mr. J. Victor, whose house was lately destroyed by fire at Hilo, offered \$3550 for the merry-go-round and the offer was accepted. The merry-go-round is now the property of Mr. Victor. The enterprising 'Frisco boys returned to the Coast on the S. S. Mariposa to-day heavily loaded with flowers, the gifts of "merry-goround Annies."

### REFORM SCHOOL TRUANT.

#### He Escapes a Second Time From That Institution.

Mr. W. G. Needham, Superintendent of the Reformatory School, reported to the police this morning the escape from that institution of a sixteen year old lad named Harry Paihinui, at 4 o'clock yesterday afternoon. The superintendent gave the following description of the boy: Stout, well built, has a Roman nose, and looks very much like a Spanish Indian. Paihinui was brought from Hilo in November and was sentenced to serve a term in the Re-formatory School, being under age, for some offense. A month after he deserted the school, and was recaptured two months ago. He was found at Halawa tending a herd of goats, the property of a native cou-ple. Paihinui had made straight for the place and was given the occu-pation for his board and lodging. The superintendent is of the opinion that Paihinui has gone there again, and the place will be watched. He was only sorry that he did not prosecute the natives previously for harboring the escapee, as there is a heavy penalty for the offense.

## A Quarantined Visitor.

Captain A. R. Bowe, U. S. A., retired, was a passenger on the Mariposa returning to the United States. He stayed a little too long in Sydney and, his remittances miscarrying, he came back in the steerage. Captain Bowe spent some time in Honolulu last January and took a great interest in the islands. He was one of the passengers who were not allowed to come ashore here, and considered that there was not an even deal in the sort of quarantine declared. Captain Bowe did good active service in border camp-At a meeting of the Aunexation big Indian chiefs, and was later lub last night, arrangements were agent for the distribution of Indian claims in the West.

## High Price for a Sand Pit.

A piece of land on the south slope of Punchbowl hill, containing 9375 square feet, was sold at auction by John A. Hassinger, Clerk of the Interior Department, at the Executive building at noon to-day. There was lively bidding from a small group, which went up to \$475, the succesful bidder at that figure being F. Smith. The lot is an unimproved one on the mauka side of Quarry street, immediately above the Portuguese Benevolent Society's premises. It has been excavated some for sand and will cost the purchaser a little bit to grade. The upset price was \$150, on which the selling price is an advance of \$325.

rills for rheumatism, and has derived so much benefit from it that she declares there is no other medicine on earth. We would not be without it in the house if it costs \$25 a bottle." T. VARLEY JOHNSON, San Jose, Cal. N. D. De sure to get Hood's Saraaparilla.

Hood's Pills act easily, yet premptly and Melently, on the liver and bowels. 25c. HOBRON, NEWMAN & CO., Agents for Hawaiian Islands.

### NOTICE TO SPORTSMEN.

In my roof color I used less than 100 lbs. of "car paint" (Princes Metallic ground in oil) where a roof of this size has always required 200 lbs. of car paint with linseed oil. I mixed my roof color with 18 gallons of Lucol to the 100 lbs. of pigment and got a better body of color than I ever got with less than one-half that number of gallons of linseed. I give you simply the facts but I cannot understand or explain them.

The drying qualities of the new oil are perfect. The priming cont with white lead, dried strong and hard inside of 24 hours. The first cont for sand took the sand freely, firmly and in larger quantity than linseed and dried hard inside of 24 hours. The second cont of body color and trimming dried thoroughly without tack inside of 24 hours. It covered perfectly and dried with a line smooth surface entirely free from wrinkles and blisters, and bore out remarkably well so as to develop a line lustro, giving much better looking results than I have ever gotten with two coats of linseed on new wood. The car paint spread on the roof was mixed with raw Lucol and dried perfectly in 24 hours. Notwithstanding that only one-half the usual amount of color was used, the paint covered perfectly and did not run. The second coat of sand filled up solidly, taking up a larger quantity of sand more evenly than I have ever gotten on to linseed.

The Lucol has effected a saving of 215 lbs. of pigment or nearly one-third of the amount usually required for a building of this size.

With respect to the general appearance A NY PERSON OR PERSONS FOUND A trespassing or sho ting game upon the lower or makai portion of the lli of Kapakahi, Waikele, District of Ewa, Island of Oahu, H. I., will be prosecuted to the full extent of the law.

J. M. DOWSETT.

Honolulu, Sept. 20, 1886. 834-1w

### NOTICE.

LIMITED,

Agents for the Hawaiian Islands

amount usually required for a building of this size.

With respect to the general appearance of the finished work, I must confess that I never saw its equal in two coat work with finseed, and if the oil wears as well at Tamered as it has worn with the Master Car Painter, Mr. Fitch, at Sacramento, there can be no question about the SUPE-RIORITY of Lucol over linseed, even at the same price per gallon, in ECONOMY, GOOD LOOKS and in DURABILITY.

Yours Respectfully.

Yours Respectfully,
[Signest] W. H. MELLUS,
Foreman Painter, Southern Pacific Co.

Southern Pacific Co.

W. S. PALMER, Esq., Engineer of Dis-trict No. 1, So. Pacific Co.

I find that the oil requires much less pigment than linseed to make a paint of the requisite covering and spreading qualities. 100 lbs. of white lead will take no more than 4 to 4½ gals. of linseed, while in my priming coat, I get even better results with 5 to 10 gallons of Lucol, and in my second coat with 7 to 8 gallons of Lucol to 100 lbs. of lead. This means a very material saving (from one-third to one-half) in the amount of nigment necessary to cover a given sur-

of pigment necessary to cover a given sur-

In my roof color I used less than 100 lbs.

TANCRED, July 21, 1892.
